This beautiful piece is a hand-painted platter created by local artist, Heidi Messner. Heidi grew up skiing, fishing, rafting, kayaking, and backpacking in Salmon, Idaho. Throughout her high school and college years she acquired the exciting skills of guiding commercial rafting and fishing trips on the Middle Fork and Main Salmon rivers. She and her husband, Jordan, devoted a couple of summers working and backpacking in the Canadian Rockies, upon returning to Salmon. Her enthusiasm for fishing and the outdoors inspired her aptitude for painting these vibrant pieces of art to be admired by the community of Salmon.
