Kiln Formed Glass

Two Sets of Coasters

Created by:
Stephanie Smith

Estimated Value: $98

Stephanie Smith was first introduced to kiln formed glass in a workshop with world-renowned glass artist, Richard Parrish. Her work is based on glimpses of the world around her. Working in glass allows her to explore and interpret the harmony she finds in the lines, textures, colors and compositions of the landscapes she loves. Stephanie has studied with renowned glass artists from around the world; her glass is shown in galleries and held in private collections.
